My office is on the second floor and with the “cut-up” nature of the old building, you must enter the correct door to find the correct staircase to find my office. Please follow the directions carefully and be sure to look at the photograph of the building below

600 Baltimore Annapolis Blvd. Suite #206 in Severna Park.

From Ritchie Hwy (Rt. 2) heading North, take a left onto McKinsey Road in Severna Park. There will be a Shell Station just to your right and a 7-11 to the left. Go to your first stoplight and take a left. My building is immediately on your right. Park to the left of the building and walk to the middle of the building and enter the door to go upstairs. You will see the waiting room at the top of the steps just to the left.

The building has two entrances. Please enter fourth door from the left and then exit from the first door from the left as labeled below.
